

A.A.S. Occupational Safety Degree Program Costs

This sheet is designed to help you determine the cost of completing your AAS Occupational Safety degree program. You may provide this information to your employer to verify program tuition. The total cost will be less than what is indicated below if the student has already completed the TEEX CSHO certificate or any other required coursework.

| | In-State Tuition | Out-of-State Tuition |
|--|---------------------|----------------------|
| SJC Courses* cost per credit hour | \$32.00 | \$70.00 |
| Total credits required for AAS degree | 71 | 71 |
| Total credits required for <u>Occupational Safety Certificate</u> | 18 | 18 |
| Total Tuition Cost for <u>Occupational Safety Certificate</u> | \$576.00** | \$1260.00** |
| Total Tuition Cost for AAS Occupational Safety Degree | \$2272.00** | \$4970.00** |
| <hr/> | | |
| Additional San Juan College courses (11 credit hours) for the BAAS degree (Texas A & M requirements) | \$352.00 | \$770.00 |
| PSCI 211 (3 credits) Texas A & M course required for the BAAS degree | Texas A & M tuition | Texas A & M tuition |
| Books required for SAFE courses only (may vary with taxes, shipping, & handling) | \$284 | \$284 |
| Other books and supplies | Variable | Variable |

*NOTE: any courses taken directly through TEEX/CSHO will be at the TEEX tuition rate.

**Students pay tuition *per semester* and only for those courses in which they are enrolled that term. We do not process lump-sum payments for the whole degree.

Maximum tuition cost per semester for Full-Time students (12 credit hours or more) is:

In-State 12 credit hours X \$32.00 = 384.00

Out-of-State 12 credit hours X \$70.00 = 840.00

***Enrolling in more than 12 credit hours per semester will result in no additional costs incurred to you.
