

AUTO BODY

Associate of Applied Science Degree

The Auto Body program provides the theory, practical knowledge, and skill development necessary for employment in the Auto Body field. For those already employed, the program provides courses and/or programs to upgrade or allow occupational advancement.

Note: This program requires students to purchase their own tools. To obtain a list of the required tools, contact the program instructor.

Note: A student must earn a grade of "C" or higher in all courses in order to receive a degree or certificate.

Recommended course sequencing for first-time students.
